

Snowshoe Kid's Camp Handbook

Welcome to Snowshoe Kid's Camp

Snowshoe Kid's Camp is where adventure meets imagination! Designed for children ages **6-11**, our program invites kids to explore the great outdoors, connect with nature, and enjoy hands-on learning through a wide variety of activities—all guided by passionate and experienced staff.

Our Mission

At Snowshoe Kid's Camp, we aim to create a joyful, safe, and inspiring environment where children develop a lifelong appreciation for nature. Through outdoor play, team-based adventures, and interactive learning, we encourage curiosity, creativity, and connection with the natural world.

Core Camp Activities

Mountain Exploration

Our mountain is your child's playground! Campers will hike, explore, and learn about the unique environment of Cheat Mountain, including outdoor ethics like **Leave No Trace** principles. Activities are designed to build confidence, resilience, and a sense of adventure.

STEM & Creative Experiments

Kids will engage in nature-inspired STEM activities, hands-on experiments, and creative projects like mixed media art and tie-dye. These projects use natural materials to foster learning through play and creativity.
