SKILL DEVELOPMENT AREA

TECHNICAL TRAILS: Technical Trails are relatively narrow and contain features and characteristics found naturally occurring across the terrain. Technical Trails mostly contain roots, rocks, logs, water crossings, jumps, drops, and other natural characteristics and obstacles found in the natural environment, but may also contain man-made obstacles, features, and bridges created from dirt, wood, or other materials. These trails are mostly hand built and left in their natural state.

FREERIDE TRAILS: Freeride Trails are relatively wider than Technical Trails, containing constructed enhanced/modified terrain, obstacles, and features such as jumps, berms, banks, bridges, drops, etc. created from dirt, wood or other materials. Freeride Trails are mostly machine built but may have some sections that are hand built. Freeride Trails may also contain features and characteristics found in the natural environment.

SKILL DEVELOPMENT AREAS: Skill Areas are specifically designed to provide riders the opportunity to learn and develop new skills away from the trail environment. Skill Areas contain man-made and natural features and obstacles created from dirt, wood, or other materials. Features and obstacles in Skill Areas vary in size and difficulty. Remember, it is your responsibility to inspect features and obstacles before attempting.

MOUNTAIN BIKING IS A DANGEROUS AND HAZARDOUS ACTIVITY WHICH CAN RESULT IN SERIOUS INJURY OR DEATH. Mountain biking is done on partially improved and unimproved trails and roads, as well as on naturally rugged terrain. Mountain biking involves risks, including, but not limited to, steep slopes, rocks of various sizes, trees, roots, tree stumps, cliffs, rock drops, holes and potholes, depressions, streams and creeks, steep declines and inclines tight switchbacks, dirt features and other constructed features such as bridges, ramps, ladders, bumps, berms, jumps and drops, wallrides, elevated stunts, "teeter-totters", raised platforms, uneven and/or slippery trail conditions, varying slopes, variations in terrain, forest growth, loose gravel and dirt, wet surfaces, downed timber, debris, collisions, other riders, hikers and pedestrians, heavy equipment and vehicles. Trail conditions and features may change quickly due to weather, use and other factors.

EASIEST: Moderate descents with obstacles such as rocks, gravel, roots, bridges, and water ditches. Must have basic bike-riding skills.

INTERMEDIATE: Challenging riding with steep slopes and/or obstacles, possibly on narrow or elevated features with poor traction. Trails may contain bridges, drops, and jumps. Requires previous off-road riding experience.

ADVANCED: These trails have a mixture of long, steep descents, loose trail surfaces, rocks, drops, numerous natural and man-made obstacles including jumps, ramps, elevated features and other various terrain.

EXPERT ONLY: Without exception, expert mountain bikers should be the only riders on these trails. Some of the elements you will encounter will be large, natural and man-made jumps, elevated narrow features, mandatory drops, long and steep terrain on loose or rock surfaces.

PUMP TRACK: A BMX style loop of berms and rollers. This track allows riders of all skill levels to practice their ability to maintain and create speed.

SKILLS PARK: The perfect spot for beginners to be introduced to Bike Park features. Located on the left side of Easy Street as depicted on the map.

DROP PARK: These small drops are located on Skidder, near the Patrol building. They provide a great place for beginners to become comfortable riding drops.

BIKE LESSONS

Whatever your skill level, there's always something new to learn. Sign up for a group or private lesson with one of our highly skilled Snowshoe Bike Park coaches. They know this mountain like the back of their hands and can tailor an experience to meet your riding goals and comfort level. Whether you're an experienced XC rider, a seasoned weekend warrior or you're brand new to the park, our coaches are trained to build your confidence and make you a better rider.

Mountain Biking 101

If you're new to downhill bike parks, or just need a refresher, this course is just for you. Our certified coaches will take you on an hour and a half adventure to show you all the skills you need to build your confidence in the park.

Specialty Skills Clinics

Our Skill Clinics are perfect for riders looking to master a specific skill on the bike whether its jumps, drops, or berms and corners. Join like-minded riders and one of our expert coaches for one hour to focus on a specific skill that will take your riding to the next level.

For all of the details on lessons, clinics and tours visit ride.snowshoemtn.com

EVENTS

- May 22 | Bike Park Opening Day
- May 23 | Hotdogs & Handlebars Race 1 (check website for more Hotdogs & Handlebars events)
- June 27-29 | Downhill Southeast
- August 31 | WV Enduro Series Finals
- October 12 | Bike Park Closing Day

IMBA RIDE CENTER

The International Mountain Bicycling Association (IMBA) is the go-to organization for creating, enhancing, and protecting great places to ride mountain bikes. To be designated an IMBA Ride Center, a region must feature extensive trail networks, masterfully designed for mountain bikers of every skill level. From backcountry adventures to shuttle-served gravity trails, and from expert-only trails to family-friendly riding, mountain bikers can expect the best the sport has to offer. The Snowshoe Highlands Ride Center has been elevated to a Silver Level thanks to strong community support and collaboration.

APPALACHIAN METTLE MEETS
WORLD SERIES TENACITY

So you've got an appetite for some mountain biking?
Well you're in luck - the Snowshoe Bike Park is an
all-you-can-shred buffet of delicious rocks, roots,
berms and jumps. Come hungry.

With one of the largest trail systems in the East, the "Shoe"
is something like a paradise for mountain bikers.
Almost Heaven you might say. From first timers to world
cup racers, this mountain has the right trail for every rider.
Fun and flowy? We've got that. Steep and technical?
You better believe it. Explore more than 40 trails
spread across 2 unique areas, the Basin and the legendary
Western Territory, and accessed by 2 high-speed lifts.

We'll see you on the trail!

WESTERN TERRITORY

BIKE PARK LIFT

PAVED PUBLIC ROAD

GAP JUMP:
Indicates a required,
mandatory jump distance
to clear an obstacle.

FEATURE AHEAD:
Indicates an upcoming
man-made wooden feature
that may be elevated.

DROP:
Indicates a drop requiring
both tires to leave the ground
to successfully clear.

TRAILS MERGE:
Indicates an upcoming
merging of two trails.

JUMP:
Indicates a dirt jump or
feature intended to lift the
bike off the ground.

TRAILS CROSSING:
Indicates an upcoming
crossing of two trails.

Gear Up

Helmets are mandatory for all riders but we strongly
recommend additional protective gear. Keep water on
hand throughout the day. Equipment, including spare parts,
helmets, and body armor, are available in the MAC. We've got
some great techs too - in case you want us to look over your
bike before you start riding or need a tune up during the day.

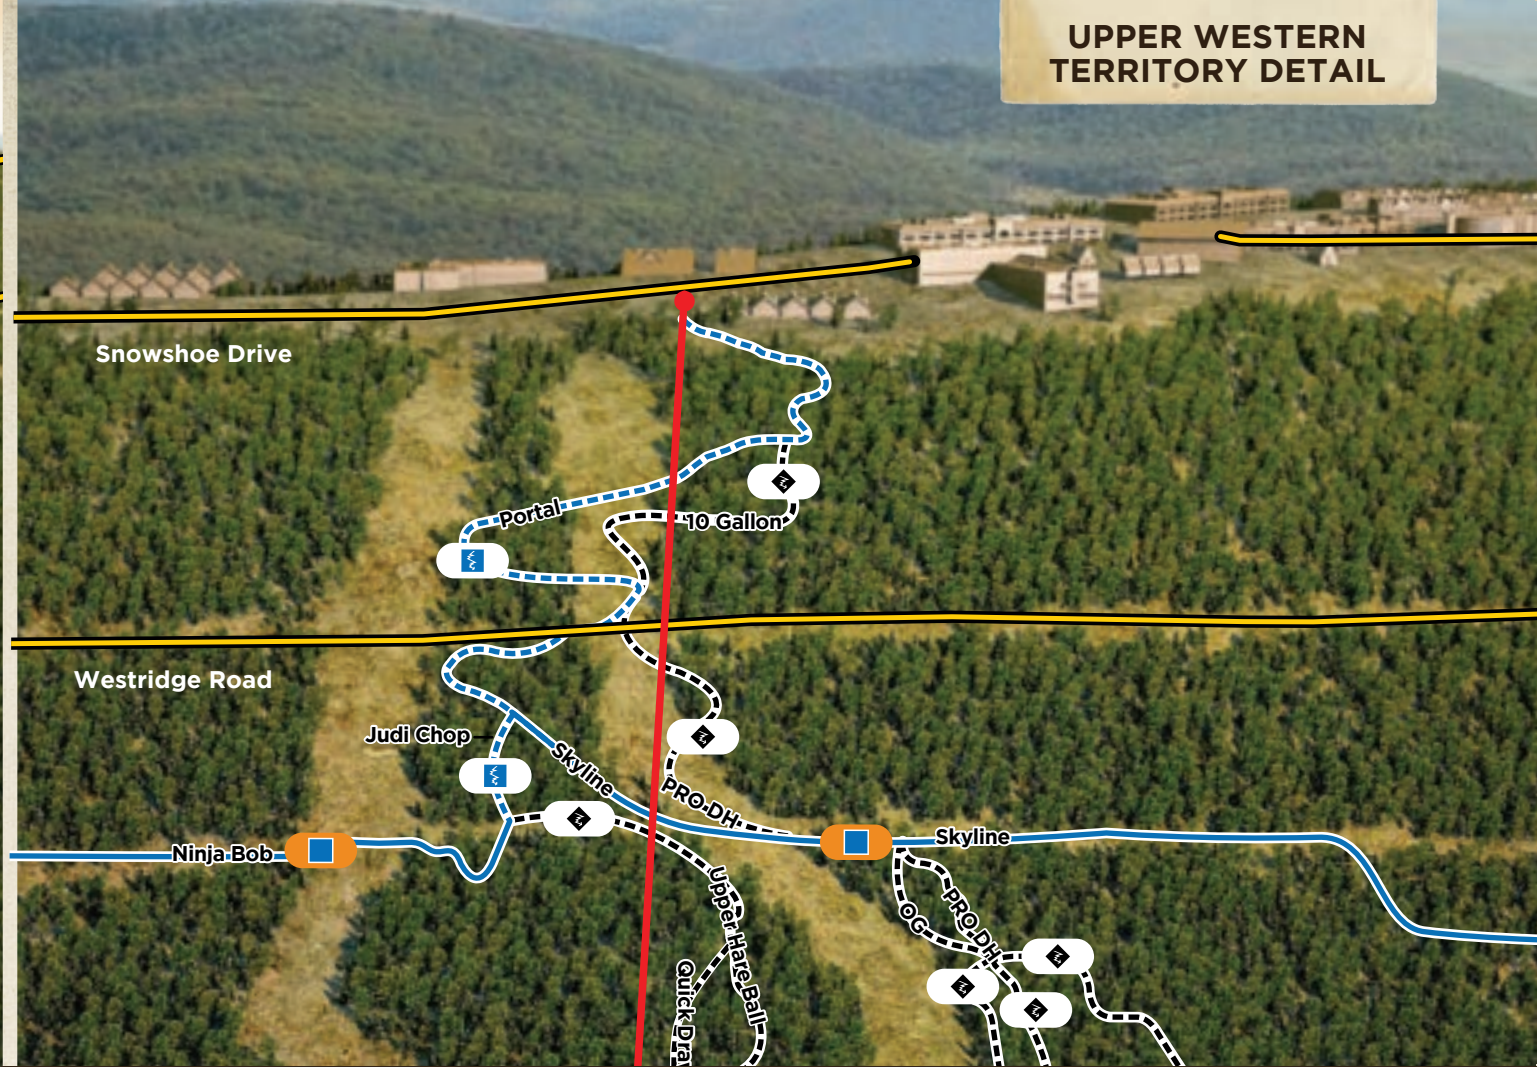

Ride Smart

PRE-RIDE
Warm up the brain and
body and inspect the
trail at low speed.

RE-RIDE
Lap the trail a few times
and get to know the
flow of the features.

FREE-RIDE
Start small and work
your way up to
faster speeds and
larger features.

UPPER WESTERN
TERRITORY DETAIL

HEADS UP

The Snowshoe Bike Park is intended for downhill mountain
biking and consists of trails that contain naturally rugged terrain,
and man-made and natural features. A pedal bike containing
a minimum of two wheels, two functional brakes, and two off
road tires is required. A downhill-specific mountain bike is
recommended when riding the Snowshoe Bike Park.

All riders must possess a valid ticket or pass to enter the Bike Park.
Before riding, always inspect your equipment or have it checked
by a qualified bike mechanic. Helmets are required in the bike
park and on Snowshoe Mountain Resort property. Additional
personal protective equipment such as but not limited to a full
face helmet and protective padding is recommended.

BE AWARE

- NOTICE:** There are no
top-to-bottom "Easiest" trails
on the Western Territory.
- All trails within the Bike Park are
for downhill biking only. No uphill
traffic permitted.
 - Anyone who is under the influence
of alcohol and/or drugs is prohibited
from participating in the Snowshoe
Bike Park.
 - Bike Park participants must execute
a release of liability prior to use.
 - Degree of difficulty rating and
symbols are relative to the
Snowshoe Bike Park only.
 - Do not use trails or features if you
lack sufficient ability and/or
experience. You may cautiously walk
your bike if you feel you are on a
trail or feature beyond your skill level.

- Trail features vary in size
and difficulty.
- Trail conditions can change
rapidly due to weather, use,
and other factors.
- Not all trails are checked or cleared
on a continual basis. Report
obstacles or hazards to Patrol
or any Snowshoe employee.
- You may encounter authorized and
unauthorized motor vehicles, trail
work crews, pedestrians, emergency
services personnel, down trees and
limbs, and construction areas; it is
your responsibility to yield.
- Never approach or feed wildlife.
Do not get closer than 100 yards.
Confrontations are best handled
by staying calm and backing away
slowly. Don't make wildlife feel
threatened.

MOUNTAIN BIKER'S RESPONSIBILITY CODE

Mountain biking involves the risk of serious injury or crash. Your knowledge,
decisions and actions contribute to your safety and that of others.

ALWAYS:

- 1. STAY IN CONTROL**
You are responsible for avoiding
objects and people.
- 2. KNOW YOUR LIMITS**
Ride within your ability.
Start small and work your way up.
- 3. PROTECT YOURSELF**
Use an appropriate bike, helmet,
and protective equipment.
- 4. INSPECT AND MAINTAIN
YOUR EQUIPMENT**
Know your components and their
operation prior to riding.
- 5. BE LIFT SMART**
Know how to load, ride and
unload safely. Ask if you need help.
- 6. INSPECT THE TRAILS
AND FEATURES**
Conditions change constantly;
plan and adjust your riding accordingly.
- 7. OBEY SIGNS AND WARNINGS**
Stay on marked trails only. Keep off
closed trails and features. Ride in the
direction indicated.
- 8. BE VISIBLE**
Do not stop where you obstruct a trail,
feature, landing or are not visible.
- 9. LOOK OUT FOR OTHERS**
Look both ways and yield when entering
or crossing a road or trail. When overtaking,
use caution and yield to those ahead.
- 10. COOPERATE**
If involved in or witness to an incident,
identify yourself to staff.

KNOW AND FOLLOW THE CODE. IT IS YOUR RESPONSIBILITY

ADDITIONAL INFORMATION

- Trails or lifts may be temporarily closed due to weather, special events,
construction, maintenance, or trail conditions. Check the daily trail report at the
Mountain Adventure Center or The Depot for Bike Park and lift information.
- In the event of a weather hold, the lifts will stop and shuttle buses will pick up
riders at Arbuckle's Cabin (Western Territory) and The Boathouse (Basin Area).
- The use of personal drones is strictly prohibited. The use of commercial drones
is only permitted with the express written consent of Snowshoe Mountain.
- Help us maintain our mountain environment. Do not litter, nor build additional
features. Only utilize marked trails.
- Failure to obey signs, warnings and/or resort rules and policies may result in
loss of ticket or pass.

IN CASE OF ACCIDENT

Call 304.572.5400, pick up an emergency phone or report an accident to
any Snowshoe employee. Please provide nature of the injury, trail name and
approximate location of accident using landmarks.
